📍 Ahmedabad

SUMMARY

Results-driven SEO Executive with 2+ years of experience in driving organic growth through strategic On-Page, Off-Page, Technical, Local, and AI-driven SEO initiatives. Skilled in website architecture optimization, keyword research, content strategy, link building, and performance analysis across competitive industries including Healthcare, Finance, and Professional Services. Experienced in developing SEO, GEO (Generative Engine Optimization), and AEO (Answer Engine Optimization) strategies aligned with modern search and AI algorithms. Proficient in WordPress website structure and technical website optimization, enabling seamless collaboration between SEO and development teams to improve search visibility, user experience, and business outcomes.

WORK EXPERIENCE

SEO Executive | NCS GX, Ahmedabad

May 2026 – Present

- Led the complete website restructuring project, improving site architecture, internal linking, user experience, and search engine crawlability to support organic growth.
- Conducted in-depth keyword research and search intent analysis for accounting and financial service-related keywords, identifying opportunities to improve search visibility and lead generation.
- Created SEO, GEO (Generative Engine Optimization), and AEO (Answer Engine Optimization) content aligned with the latest Google and AI search algorithms, enhancing content relevance and discoverability.
- Executed off-page SEO strategies, including business listings, citation building, and link acquisition, generating 30+ quality backlinks within one month.
- Increased Domain Authority from 0 to 3 in the first month through strategic citation building, free business listings, and white-hat link-building practices.

SEO Executive, MediaNV | Digital Marketing Agency, Ahmedabad

Apr 2025 – May 2026

- Managed and executed SEO strategies for 25+ client websites simultaneously, ensuring consistent improvements in organic traffic, search rankings, and lead generation.
- Restructured website architecture and internal linking, resulting in a 120% increase in organic traffic.
- Conducted comprehensive technical SEO audits using SEMrush, Ahrefs, Screaming Frog, Google Search Console, and Google Analytics to identify crawl issues, indexing problems, and site performance gaps.
- Optimized on-page SEO elements including title tags, meta descriptions, schema markup, heading structure, internal linking, and mobile usability.
- Managed and optimized 25+ Google Business Profiles for USA and Canada clients, improving local search rankings and lead generation.
- Collaborated with design, development, and content teams to implement SEO best practices aligned with UX and brand strategy.
- Designed and developed SEO-optimized WordPress websites with fast loading speed, mobile responsiveness, and structured site architecture.
- Performed On-Page and Technical SEO optimization for 100+ dental websites within 6 months during the development stage, ensuring SEO-ready architecture, optimized meta tags, schema markup, and technical performance before website launch.
- Trained new team members on SEO best practices, AI-assisted SEO workflows, and prompt engineering for content optimization.

- Executed On-Page SEO, Technical SEO, and Off-Page SEO strategies to improve website rankings and organic search visibility.
- Optimized website pages with keyword research, content optimization, internal linking, and schema markup.
- Managed social media platforms to support SEO campaigns and strengthen brand visibility.
- Coordinated with cross-functional teams including developers, designers, and content writers to ensure effective SEO implementation.
